### PARENT PLEDGE

**I believe in the importance of teamwork in education: administrators, teachers, parents and students working together towards a shared goal of a tremendous educational experience.**

**I am \_\_\_\_\_, parent of \_\_\_\_\_, and this is my pledge:**

- **I will** help my child to do his or her best work, helping him or her understand the importance of working together to reach his or her full potential.
- **I will** send my child to school on time each day ready to learn.
- **I will** talk with my child daily about his or her day. **I will** review my child's communication folder, ensure that homework is completed and the concepts are understood, and respond to notices in a timely manner. **I will** post my child's school calendar in a visible location at home in order to stay aware of upcoming deadlines and events.
- **I will** communicate regularly with my child's teacher through email, notes or personal conversations. **I will** talk with my child's teacher about any issues or concerns that I have regarding my child's performance academically or socially in the classroom. **I will** recognize that my child has the same rights, not more rights, than any other student.
- **I will** hold my child accountable for his or her actions while at school. In keeping with the Positive Behavior Support (PBS) program, **I will** praise him or her for good behavior and will help him or her understand the consequences for inappropriate actions.
- **I will** encourage my child to cooperate with others. **I will** support and reinforce the decisions of teachers and administrators.
- **I will** give of my time and talents at school or at home with activities that help my child, the teacher, the class, the school or the community. **I will** encourage my child to do the same. As a classroom volunteer, **I will** recognize the need to respect the privacy of the students that I help.
- **I will** lead by example, understanding that children learn from what they see. Through my actions, **I will** do my best to show my child how to be a life-long learner and good citizen.
